- It is normally possible to stop outside Chalmers entrance for BNAM 2026 unloading/loading, however this is checked by the city of Gothenburg. Chalmers has no space for parking, but advice to park on Sven Hultins gata or check www.parkeringgoteborg.se (Gothenburg city parking App, in Swedish only).
- We are working to find space for storing equipment during night, we expect to have a room for this.

For shipping back, they will collect the boxes and then your shipping company can collect the boxes the day after at their warehouse. **Please contact me if you consider such solution: Toby@nitk.se** ASAP.
